

What is Ascended Life Community

How did ALC get started?

Prayer

Since the early 2000s, we've prayed many personal and public prayers expressing the tangible and compelling longing with this specific phrase; to be "**numbered among a company of believing believers**". Several reasons fueled this deep desire.

- 1) The mutual encouragement that inspires each one to stay engaged with growth
- 2) The fresh supply of revelation that comes from all hearts committed to discovery
- 3) The joy and reward we all feel when new breakthroughs are experienced
- 4) Experiencing our Father's 'smile' as we live out the dreams of His heart

Our success would require the camaraderie of close-knit friendships. To stay fresh, we would have to seriously commit to our quest and immerse in wholehearted engagement with all of the relevant frontiers of living 'above the line'.

Coming together

Over the last few years, God has been opening up many new frontiers in this very exciting new Kingdom Age. We felt compelled to identify and teach on these new 'ascended life' frontiers. Hungry hearts wanted to know how to nurture this new spiritual mode of operation and like-minded people were beginning to gather together, so Ascended Life Community (ALC) was created.

Exciting times

Fresh revelations and insights are now coming faster than we can assimilate them. Everyone is on the hunt for 'golden nuggets'... and then of course, there is the excitement of sharing them!! Some new people are immediately as comfortable with this new Heavenly frontier, as a duck is to water, while others take a while to process and respond, but most in our group have had multiple first-time Heavenly encounters. Awakened hearts are finding each other when unexpected divine appointments reveal old friendships with similar desires. Our borders are expanding as we discover new groups who are similarly inclined. The consensus is that we are on the front edge of a most exciting transition of ages. History clearly says that each Biblical change of ages required a very different spiritual mode of operation in the new age. And that dynamic seems to be in full swing here and now!

So what's happening now?

It's been a wild joy ride! The ground swell of interest and awakening has taken us all by wonderful surprise. God is orchestrating the best relationships. So fun! No sweat... it's 'easy peasey'. Monthly face-to-face meetings are energetic and impassioned occasions to share stories and catch the heart-beat for this fresh frontier. On-site meetings with other groups around the US have created many 'aha' moments. Zoom has become a powerful vehicle to join like-minded hearts. It now facilitates a weekly leaders' group and a bi-monthly school.

ALC Ecclesia

A group of leaders from several regions around the US, meet weekly via Zoom for sharing, advanced spiritual exercise and mutual encouragement. We've experienced substantial growth in many 'above the line' realities which has yielded infectious testimonies. These dynamic stories have created amazing inspiration and faith to reach for more. Each of us has experienced transformational personal impact by immersing into our quest and committing to see more growth in these Heavenly frontiers.

ALC KC monthly meeting

Since the middle of 2020 we've met monthly in face-to-face meetings in Kansas City, MO. These 4-hour 'family reunions' are focused on developing a community bond and rallying around the common theme of 'above the line' realities. We always include activations and sharing lots of personal stories. A group meal is a significant part of our gathering. These meetings are open to the public. We video record this meeting and post in on our ALC video channel to be viewed later.

ALC School

Since early 2021 we've hosted a twice-monthly Zoom school. We started with the basics and are moving into more advanced levels as our group matures. Community interaction, dialog, teaching on a specific theme, questions, comments and activations are always an integral dynamic of our sessions.

Although the ALC Zoom School is FREE, you do have to register. There is no requirement to attend... you can even audit the session without turning on your mic or camera. If you miss a session, you can view the archive later on our ALC video channel.
